

EASY-SETUP

Empower Excellence

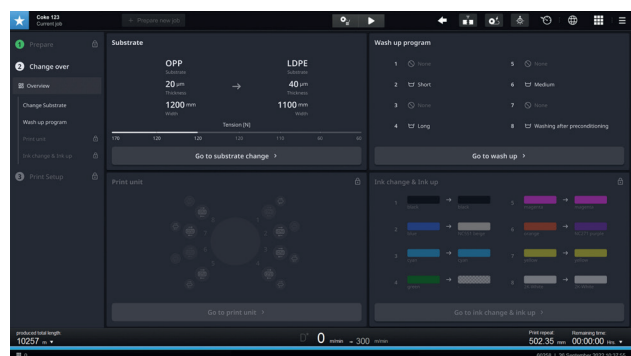

Why EASY-SETUP?

- Addressing skills shortages**
 Provides on-the-job training through educational help text and pictograms of relevant tasks enabling operators to perform complex tasks.
- Operator guidance**
 Step-by-step guidance throughout the entire changeover and impression & register setting phase with efficient task assignment for parallel operations, resulting in faster setup times.
- More sustainability**
 Intelligent algorithms not only minimize human error during setup but also maximize resource efficiency by optimizing wash-up programs, drying and corona treatment parameters.
- Optimal Workflow**
 EASY-SETUP ensures consistent print quality across shifts and levels of experience by finding the optimal changeover process. Maximize benefits by using all data. Together with RUBY Connect 4 Flow, job data is sent directly to the press, minimizing errors, optimizing time and increasing productivity.
